UX/UI DESIGNER

Hello, I'm Hai Le.

A UX/UI designer passionate about creating intuitive digital experiences that solve real problems for users and drive business goals.

Experience

2023-CURRENT

UX/UI DESIGNER

Whiteshield

Facilitated the product visions of various UAE government institutions by understanding their business requirements, conducting research, and creating wireframes and prototypes of fully responsive and elegant designs, including Power BI dashboards, that are immediately ready for development.

2021-CURRENT

FREELANCE UX/UI DESIGNER

Self-Employed

Delivered impactful digital solutions across finance, blockchain, and construction industries. Specialized in transforming complex client requirements into intuitive, user-centered designs that drive engagement and business outcomes.

2022-2023

UX/UI DESIGNER

Polarity.Exchange

Enhanced Polarity.Exchange's trading platform serving 15K+ users and 8K+ daily transactions. Leveraged UX design and front-end development expertise to deliver comprehensive solutions, significantly improving platform usability and user experience.
